

Completing this list of problems from O'neill should be good preparation for Test 2 in conjunction with reading O'neill and consulting my videos in as much as they are helpful:

5.2 # 2,

5.3 # 1,

5.4 # 2, 3, 4, 12, 14

5.5 # 1 (except, instead of his formulas, use the 4x4 determinant formula)

5.6 # 4, 8, 15

6.1 # 1

6.2 # 2

6.3 # 5

6.4 # 4

6.5 # 1, 2, 4

6.6 # 1a, 3

6.8 # 2

6.9 # 6, 7

7.1 # 2, 3, 4, 5

7.2 # 1, 3, 7

7.3 # 2

7.6 # 1

7.7 # 9, 11
